

G1

3 1/4" Panel Series

Space utilization solution suited to the organization's work

As an office panel system with a simple and durable design consisting of module combination, the G1 panel series provide a solution for maximizing the efficiency of limited office space and variously changing workspace.

Feature

Design

01. Round Type Trim

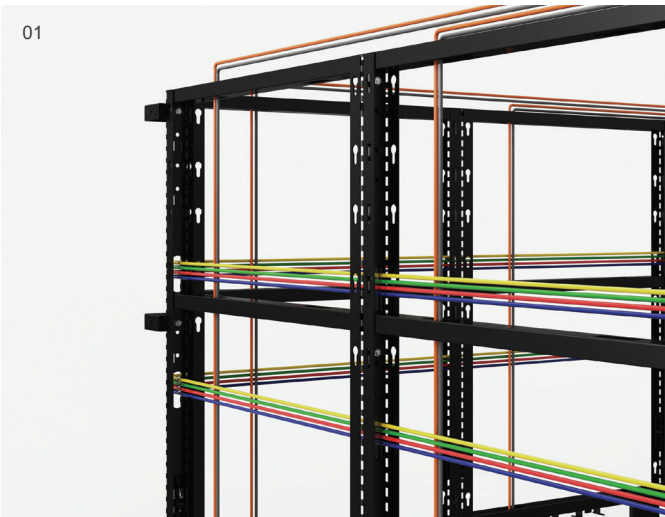

The simple finish stands out in the trim styles of 3 1/4"-thick Round.

02. Various Color Combinations

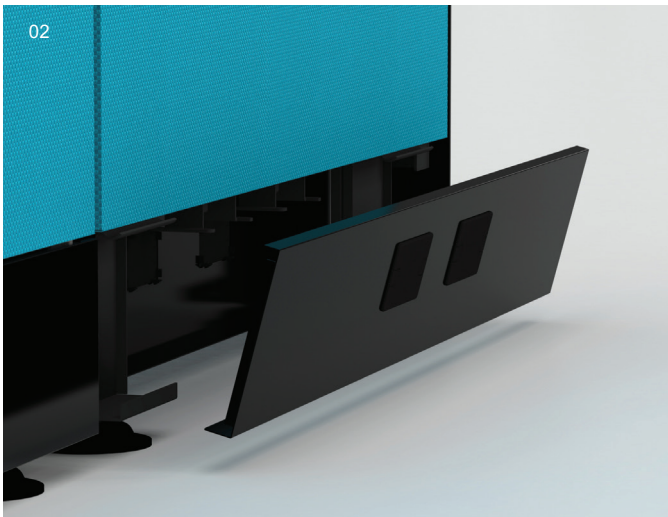

Fabric tiles of varying colors and combinations of trim colors enable users to direct their desired office environment ambiance.

Wire management

01. Efficient Wire Management

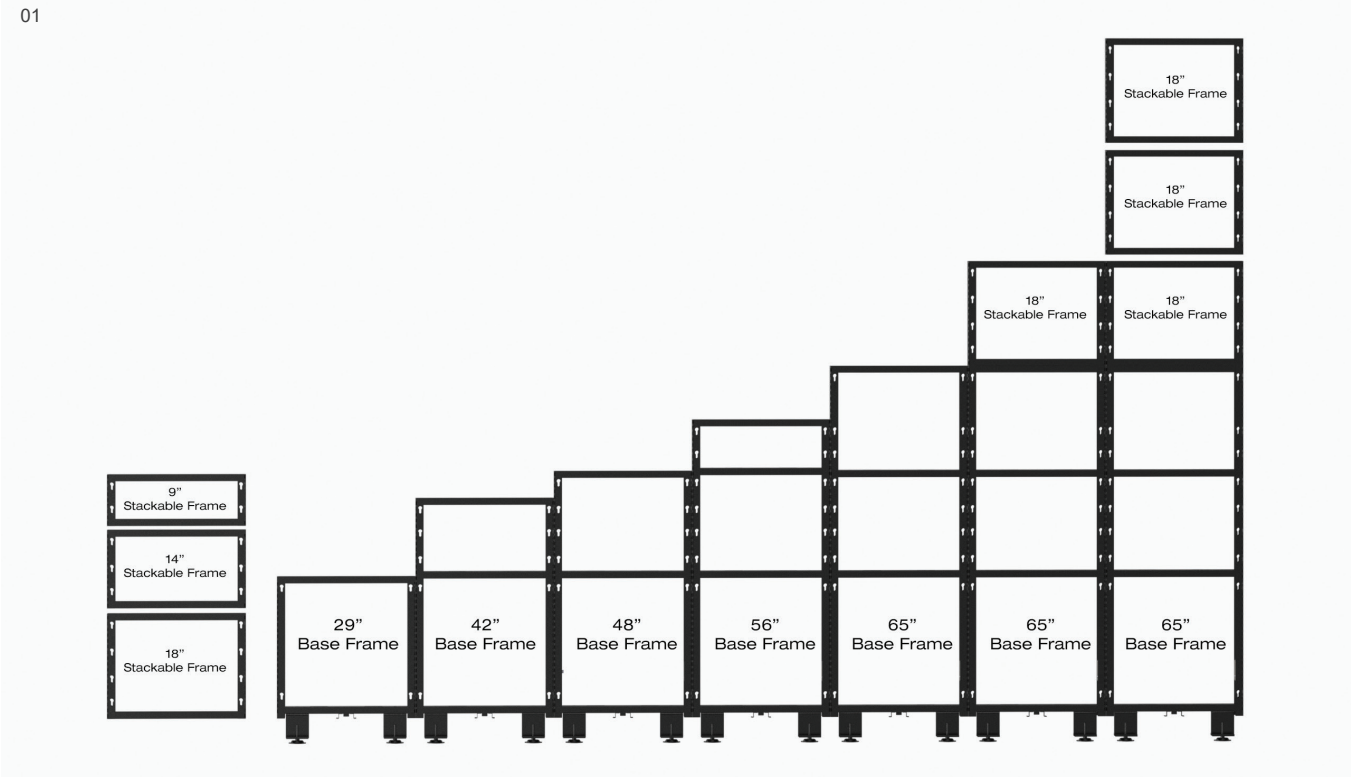

As wires can be handled horizontally and vertically, such as the top, middle, and bottom, complicated wire issues in the office due to the increase of OA equipment can be solved perfectly.

02. Wire Management by Using Base Cover

Efficient wire management is available by using a bottom base cover.

Detail

01. Frame Composition of Varying Heights

Purpose-suited space can be composed by using a stackable frame with extendable height.

02. Hanging System

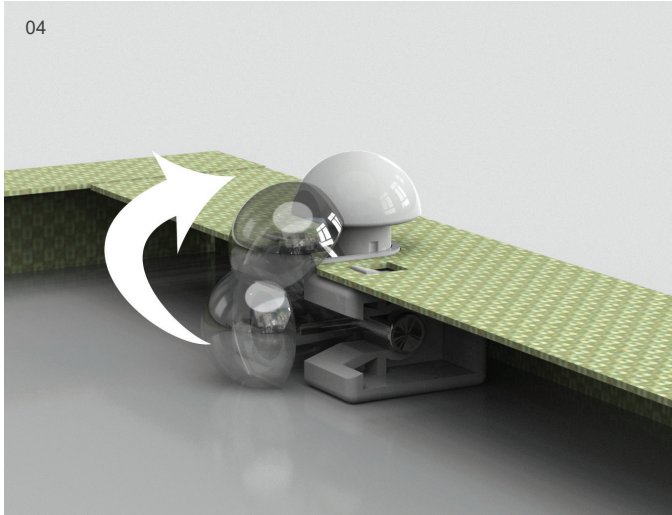

The hanging system using the top and brackets and enabling the configuration of various forms of workstations suited to the work characteristics minimizes the interference from the bottom, allowing the creation of more spacious and economic office space.

Detail

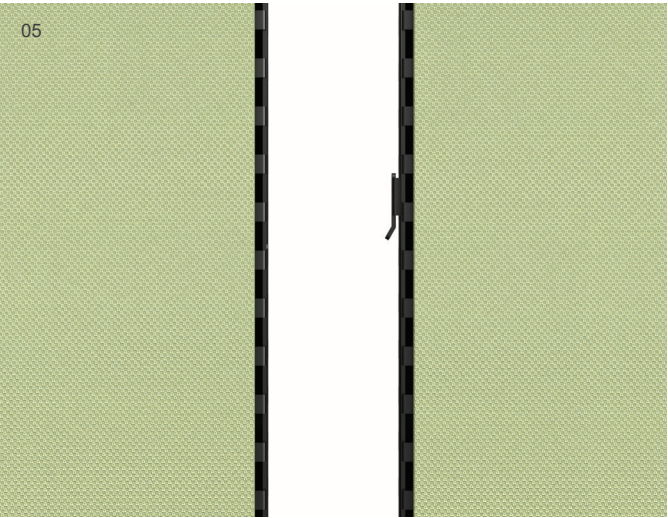

03. End Finish Bar of Simple Connection Method

The HOOK-type assembly structure enables durable assembly without the use of tools.

04. Swing type Tile Button

The application of rotary tile buttons significantly reduced the time of assembly and dismantling, and when relocating for a move, multiple tiles can be stacked for transfer, realizing the minimization of volume.

05. Low Connector

As the connector mounted on the bottom panel is equipped with a left-right interlocking feature, it facilitates the operation for panel assembly and elevates the stability of the connected structure among panels.

06. Storage Bins and Open Shelves

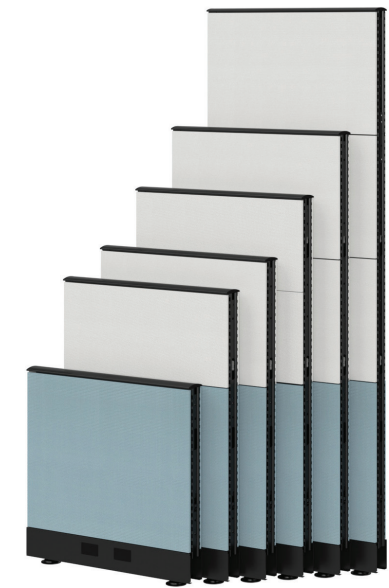

The shelves assembled in a hanging type are convenient for storing books, documents, etc.
