

# G2

## 60T Panel Series

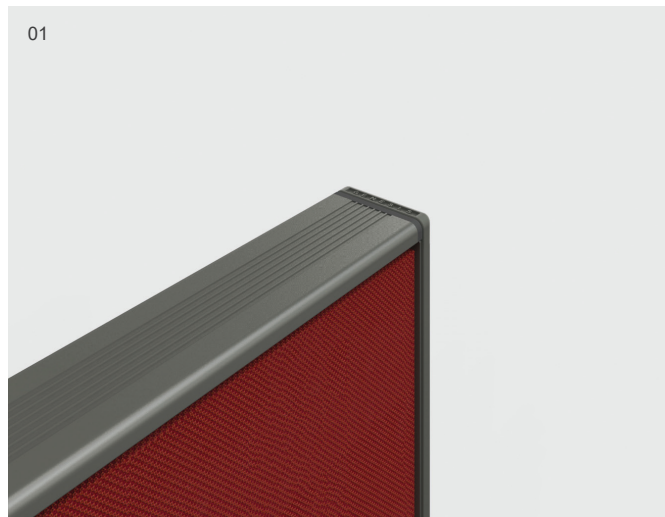

### Smart workspace design

Equipped with independence and individuality tailored to the space structure by work characteristics. Through a wide range of office panel heights, we make a positive work environment and creative workspace that boost work efficiency with space utilization suited to the individual or professional work.

# Feature

## 01. Aesthetic Stripe design

Aesthetical stripe design is applied to the Top Cover and the End Cover.

## 02. Combination of various colors

The combination of various colors for fabric tiles and trim creates a stylish office space.

## 03. Easy-to-connect End Cover

Built in a HOOK-style assembly structure, it can be assembled stably without extra tools.

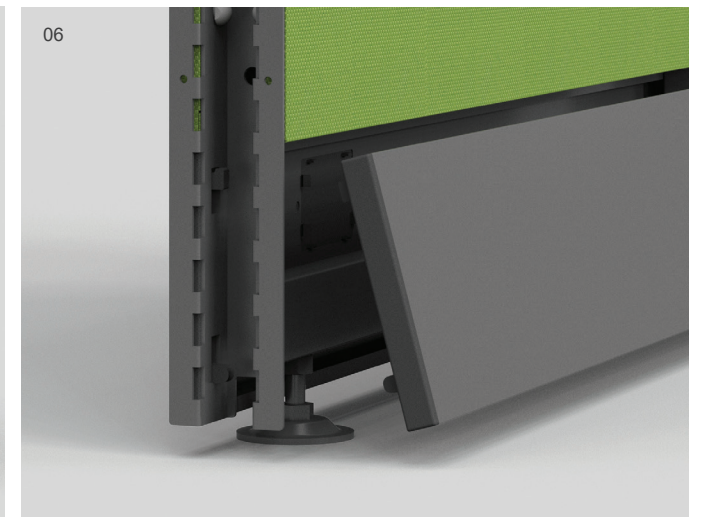

## 04. Printed Tempered Glass Tile

It is solid by applying tempered glass and aluminum frame, and protects personal privacy by printing opaque on the surface of the glass.

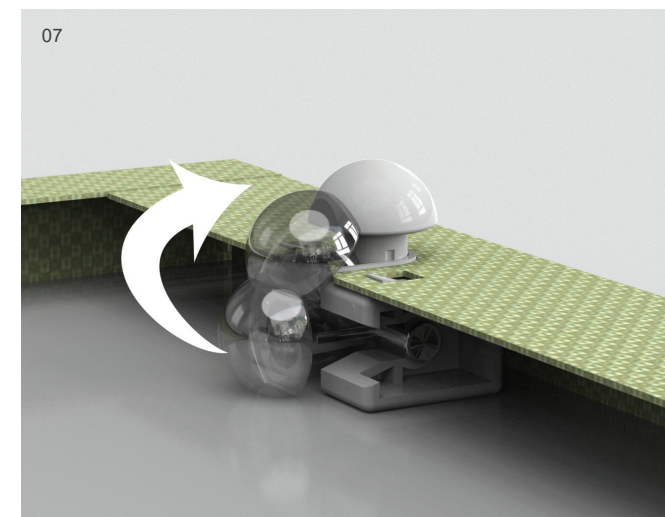

## 05. Swing Type Belt line & Fixed Belt line

You can choose between the Swing type belt line with damper hinges making soft opening and closing and affordable Fixed Beltline.

## 06. Base Cover capable of wire management

The base cover can be easily assembled by using clip-type fixing pins and grooves, making wire management convenient from outside.

## 07. Swing Type Tile button

The Swing Type tile button reduce assembly and disassemble time, and minimize volume by allowing multiple sheets to be stacked and moved during relocation.
